Epstein *Didn't* Kill Himself

We're about to go Nagasaki on the traitors so hard some of you may feel sorry for them.

Bury those feelings.

The enemy will be gone for generations after this.

Well, the question really is, who is the one to do something? If the legislatures don't do anything, and the courts don't do anything, and LEO don't do anything...Then, we are left with loads of evidence and no one enforcing the law. Rudy has done everything in his power to provide the receipts. If no one in our 'traditional' structure of government is willing to act...then what are we to do? I'm sure you know the answer...

Rudy has provided enough evidence that our government is ran by traitors and CCP / EU plants. Where's the fucking military at? Hilarious that we won't lose the country by force via war but by an insidious take over from within like cancer.

Our fkn military swore an oath to protect us. Cops, not do much.

The military has to first put down these police departments who blindly obey their commie bosses against us.

That's about the dumbest thing I've read in a while. Have the military and police fight it out? Why not advocate for everyone to just go out and shoot themselves in the foot instead? Sheesh!

The grunts are most likely to support whoever is giving them the orders. In order for any kind of restoration of lawful government to succeed in the event of something terrible occurring, senior members of the military must be on board - this what you should all be praying for. If military leadership stands with the illegitimate government, then we are doomed and the United States has ceased to exist.

I'm giving you the GO signal. If you are within 500 miles of Georgia, go get in Kemp's face right now, 24x7. Livestream it and we will send you pizza and hookers to keep you motivated. Others will join and maybe fear for his future will get him to at least stop being an open traitor.

All I can say is there are new videos this week and it was far better collected and edited and digestible format. New high quality report that just came out was produced by an actual DOJ official, this is serious stuff and he just proved the fraud by comparing neighboring precincts. We didn't have this before...

Trump tweeted about having all coming together at once. I think there will be a powerful film presented at the WH and a special counsel announced at the same time.

Step one is for a whole 30 people to follow Kemp around and ruin his life by chanting that he is a traitor and traitors will be dealt with. 30 fucking people. Blm/antifa get paid \$5/hr by Soros and get 2000 just to protest cops shooting a knife wielding rapist. We can't get 30 people to go politely tell Kemp he might hang for his treason.

Kemp is very likely crooked but nailing Kemp does nothing to flip the Election.

Not directly anyway. Getting tired of hearing the whining about Kemp and signatures.

It is time for Plan B. Hopefully Rudy is laying the seeds for Executive Action that voids the Election by mentioning "foreign company" and "sending votes to Germany".

FALSE. We haven't done Plan A yet. This is not that hard. Kemp is in open rebellion against Trump, the country and his party. You get a small group to follow him everywhere and chant about what happens to traitors and you generally make him realize he will NEVER walk freely again this life if he does not turn back to our side now.
